He explained how the Department's budget migrated into the Adopted Budget by approvals from multiple city departments including crucial recommendations from the office of the Chief Administrative Officer (CAO) and approval from the Mayor's office. Sergio then explained how funding cuts impacted the Department by division, including the loss of vacant positions, two Social Worker positions, a Senior Management Analyst I, a Graphic Designer, a System Analyst, and a Senior Project Coordinator position that was shifted to the Department of Recreation and Parks. He stated 40% of the Department's budget is used for contracts we have with a wide range of vendors and budget cuts drastically impacted a substantial amount of services provided, including remediation and SLI/CART services.
